

A **FUN** event for amateur radio and electronics hobbyists...  
Get together, sell excess equipment, see friends, buy gear and parts you need,  
meet folks you've met on the air, even have a picnic if you like.

The Fitchburg Flea Market offers  
**FREE** admission! Vendor fee \$15 per space.

If you are selling, pull your car into the lot, pay your fee and display your wares.

Haggling, bargaining, or swapping is the norm at a flea market, and you  
must understand that items are offered on an as-is, no refunds basis unless special  
arrangements have been negotiated.
